<sup>\*</sup>Also a Director of the company

#### DIVIDEND

The directors does not recommend the declaration of a dividend for the year. (2020: NIL)

# **RISK MANAGEMENT AND INTERNAL CONTROL**

The board accepts final responsibility for the risk management and internal control systems of the Company. It is the task of management to ensure that adequate internal financial and operational control systems are developed and maintained on an ongoing basis in order to provide reasonable assurance

- The effectiveness and efficiency of operations;
- The safeguarding of the company's assets;
- Compliance with applicable laws and regulations;
- The reliability of accounting records;
- Business sustainability under normal as well as adverse conditions; and
- Responsible behaviours towards all stakeholders.

The efficiency of any internal control system is dependent on the strict observance of prescribed measures. There is always a risk of non-compliance of such measures by staff. Whilst no system of internal control can provide absolute assurance against misstatement or losses, the company's system is designed to provide the board with reasonable assurance that the procedures in place are operating effectively.

The Board assessed the internal control systems throughout the financial year ended 31 December 2021 and is of the opinion that they met the accepted criteria.

# **SOLVENCY**

The Board of directors confirms that applicable accounting standards have been followed and that the financial statements have been prepared on a going concern basis. The Board of directors has reasonable expectation that Laghe Venture Company Limited has adequate resources to continue in operational existence for the foreseeable future.

# REPORT OF THE DIRECTORS (CONTINUED)

## **EMPLOYEES' WELFARE**

# Management and Employees' Relationship

The Company is an equal opportunity employer. It gives equal access to employment opportunities and ensures that the best available person is appointed to any given position free from discrimination of any kind and without regard to factors like gender, marital status, tribes, religion and disability which does not impair ability to discharge duties.

# Training facilities

Laghe Venture Company Limited believes in building the capacity of its staff so as to enable the staff members to be more effective in executing his/her work. The company shall endeavor, where relevant, applicable and where funding is available to engage its regular contracted staff in short term training involving courses, workshops, seminars and exchange visits.

# Heath and safety

The Company ensures a safe working environment for all employees and contractors by providing adequate and proper personal protective equipment, training and supervision as necessary.

#### Persons with disabilities

Applications for employment by disabled persons are always considered, bearing in mind the aptitudes of the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment with the Company continues and appropriate training is arranged. It is the policy of the Company that training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

#### Financial assistance to staff

Salary advances may be provided to employees depending on the assessment of and discretion of management as to the need and circumstances.

# **Employees benefit plan**

The Company pay contributions to a publicly administered pension plan (NSSF) on a mandatory basis which qualifies to be a defined contribution plan.

## Gender parity

As at 31 December 2021, the company had 5 male employees (2020:3).

#### RELATED PARTY TRANSACTIONS

Details of transactions and balances with related parties are included in Note 15 of this financial statements.

#### INDEPENDENT AUDITOR

BY ORDER OF THE BOARD

Nexia SJ Tanzania have expressed their willingness to continue in office in accordance with Section 170 of the Companies Act 2002 and are eligible for re-appointment. A resolution proposing the re-appointment as auditor of the company for the year ended 31 December 2022 will be tabled in the Annual General Meeting.

Mr. Milind Balachandra Deshmukh Director	Mr. Shaileshkumar Sanghrajka Director
2022	2022

#### STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are required in terms of the Tanzania Companies Act of 2002 to maintain adequate accounting records and are responsible for the content and integrity of the financial statements and related financial information included in this report. It is their responsibility to ensure that the financial statements fairly present the state of affairs of the company as at the end of the financial year and the results of its operations and cash flows for the year then ended, in conformity with International Financial Reporting Standards for Small and Medium Sized Entities (IFRS for SME's) and the requirements of the Tanzania Companies Act of 2002. The external auditors are engaged to express an independent opinion on the financial statements.

The financial statements are prepared in accordance with International Financial Reporting Standards for Small and Medium Sized Entities (IFRS for SME's) and the requirements of the Tanzania Companies Act of 2002, and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgments and estimates.

The Directors acknowledge that they are ultimately responsible for the system of internal financial control established by the company and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the board sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the company and all employees are required to maintain the highest ethical standards in ensuring the company's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the company is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the company endeavors to minimize it by ensuring that appropriate infrastructure, controls, systems and ethical behavior are applied and managed within predetermined procedures and constraints.

The Directors acknowledge that they are responsible for establishing appropriate policies and procedures to prevent non - compliance with laws and regulation (NOCLAR), including whistleblowing procedures as a necessary part of good internal governance

The Directors are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The Directors have reviewed the company's cash flow forecast for the year to 31 December 2022 and, in the light of this review and the current financial position, they are satisfied that the company has access to adequate resources to continue in operational existence for the foreseeable future.

The external auditors are responsible for independently reviewing and reporting on the company's financial statements. The financial statements have been examined by the company's external auditors and their report is presented on pages 7 to 9.

The financial statements set out on pages 10 to 25 were authorized and approved by the Board of directors on 2022 and were signed on its behalf by:

Mr. Milind Balachandra Deshmukh Director

Mechanible

Mr. Shaileshkumar Sanghrajka Director

#### **DECLARATION OF THE HEAD OF FINANCE/ACCOUNTING**

The National Board of Accountants and Auditors (NBAA) according to the power conferred under the Auditors and Accountants (Registration) Act. No. 33 of 1972, as amended by Act No. 2 of 1995, requires financial statements to be accompanied with a declaration issued by the Head of Finance/Accounting responsible for the preparation of financial statements of the entity concerned.

It is the duty of a Professional Accountant to assist the Board of Directors to discharge the responsibility of preparing financial statements of an entity showing true and fair view of the entity position and performance in accordance with applicable International Financial Reporting Standards for Small and Medium Sized Entities (IFRS for SME's) and statutory financial reporting requirements. Full legal responsibility for the preparation of financial statements rests with the Board of Directors as under Statement of Director's Responsibilities as described on page 5.

I Joseph Lubava on behalf of Corporate & Management Consultants Limited being given the Power of Attorney to review the financial statements of Laghe Venture Company Limited hereby acknowledge my responsibility of ensuring that financial statements for the year ended 31 December 2021 have been prepared in compliance with applicable accounting standards and statutory requirements.

I thus confirm that the financial statements give a true and fair view position of Laghe Venture Company Limited as on that date and that they have been prepared based on properly maintained financial records.

Signed by:
Name: Joseph Lubava
Position: Head of Finance/Accounting *by virtue of Power of Attorney

The significant accounting policies on pages 14 to 18 and the notes on pages 19 to 25 form an integral part of these financial statements.

#### SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below.

## a) Basis of preparation

The financial statements are prepared in accordance with International Financial Reporting Standards for Small and Medium Sized Enterprises (IFRS for SME's) and the requirements of Companies Act of United Republic of Tanzania. The measurement basis used is the historical cost basis except where otherwise stated in the accounting policies below. The historical cost convention is generally based on the fair value of the consideration given in exchange of assets.

# Going concern

The financial performance of the Company is set out in the Director's report and in the statement of comprehensive income. The financial position of the company is set out in the statement of financial position.

Based on the financial performance and position of the company and its risk management policies, the Directors are of the opinion that the Company is well placed to continue in business for the forseeable future and as a result the financial statements are prepared on a going concern basis.

These financial statements comply with the requirements of the Tanzania Companies Act 2002. The statement of comprehensive income represents the profit and loss account referred to in the Act. The statement of financial position represents the balance sheet referred to in the Act.

# b) Key sources of estimation uncertainty

In the application of the accounting policies, the Directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other relevant factors. Such estimates and assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

The directors have made the following assumptions that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year:

- (i) Useful life of Property, plant and equipment Management reviews the useful lives and residual values of the items of property, plant and equipment on a regular basis. During the financial year, the directors determined no significant changes in the useful lives and residual values.
- (ii) Revenue recognition In making their judgement, the directors considered the detailed criteria for the recognition of revenue from the performance of services as set out in section 23 of IFRS for SMEs.
- (iii) Impairment of trade receivables The company reviews their portfolio of trade receivables on an annual basis. In determining whether receivables are impaired, the management makes judgement as to whether there is any evidence indicating that there is a measurable decrease in the estimated future cashflows expected.
- (iv) Taxes The Company is subjected to several taxes and levies by various government and quasi government regulatory bodies. As a rule of thumb, the Company recognizes liabilities for the anticipated tax/levies payable with utmost care and diligence. However, significant judgment is usually required in the interpretation and applicability of those taxes/levies. Should it come to the attention of management, in one way or the other, that the initially recorded liability was erroneous, such differences will impact on the income and liabilities in the period in which such differences are determined.

## c) Revenue recognition

Revenue comprises the fair value of the consideration received or receivable on the sale of goods and performance of services and in the ordinary course of business and is stated net of Value Added Tax (VAT), rebates and discounts.

In making their judgement, the directors considered the detailed criteria for the recognition of revenue from the performance of services as set out in section 23 of IFRS for SME's and, in particular, whether the company had transferred to the buyer the significant risks and rewards on the services provided. Following the detailed quantification of the company's liability in respect of the customers ability to require the rectification of the services supplied, the directors are satisfied that the significant risks and rewards have been transferred.

## d) Other Income

Other Income comprises of sales of detonator shipment contatiners, used to send consignment to Tanzania

#### e) Translation of foreign currencies

Transactions in foreign currencies during the year are converted into Tanzanian Shillings (the functional currency), at the rates ruling at the transaction dates.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non monetary items that are measured in terms of historical cost in a foreign currency are not translated using the exchange rate at the date of transaction.

The resulting differences from conversion and translation are dealt with in profit or loss in the year in which they arise except for:

- · exchange differences on transactions entered into in order to hedge certain foreign currency risks;
- exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

# f) Property, plant and equipment

Property, plant and equipment is initially recorded at cost and thereafter stated at historical cost less accumulated depreciation. Historical cost comprises expenditure initially incurred to bring the asset to its location and condition ready for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost can be reliably measured. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

An asset's carrying amount is written down immediately to its recoverable amount if that asset's carrying amount is greater than its estimated recoverable amount.

Freehold land is not depreciated. Depreciation on all other assets is calculated on a straightline method to write down the cost of each asset to its residual value over its estimated useful life using the following annual rates and basis:

Item	Rates %
Land	0
Buildings	5
Concrete fence	12.5
Road infrastructure	12.5
Containerized magazines	25
Furniture and fittings	25
Computer and accessories	33.33

#### f) Property, plant and equipment (continued)

The assets residual values and useful lives are reviewed and adjusted if appropriate, at the statement of financial position date.

Gains and losses on disposal of plant and machinery are determined by comparing the proceeds with the carrying amount and are taken into account in determining operating profit/(loss).

#### g) Impairment of non-financial assets.

At the end of each reporting period, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each statement of financial position date.

#### h) Financial instruments

The Company's financial instruments includes. Trade and other receivables, Trade and other payables, Cash and cash equivalents, and Borrowings.

#### Trade and other receivables

Trade and other receivables are measured at initial recognition at fair value, and are subsequently measured at amortised cost using the effective interest rate method.

# Trade and other payables

Trade and other payables are classified as loans and liabilities.

Trade and other payables are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest rate method.

## Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents comprise cash in hand and at bank.

# **Borrowings**

Borrowings are initially recognised at fair value, net of transaction costs incurred and are subsequently stated at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of comprehensive income.

#### i) Share capital

Ordinary shares are classified as equity.

#### j) Taxation

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in the comprehensive income or in equity. In this case, the tax is also recognised in other comprehensive income and equity.

#### **Current tax assets and liabilities**

Current tax is provided on the results for the year, adjusted in accordance with tax legislation.

#### Deferred tax

Deferred tax is provided using the liability method for all temporary timing differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes.

Currently enacted tax rates are used to determine deferred tax.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which temporary timing differences can be utilised.

# k) Leases

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

## **Operating leases**

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset. This liability is not discounted.

Any contingent rents are expensed in the period they are incurred.

# I) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined by weighted average method and includes expenditures incurred in acquiring the inventories and bringing them to their existing location and condition. Net realisable value is the estimate of the selling price in the ordinary course of the business, less the cost of completion and selling expenses.

At each reporting period inventories are assessed for impairment. If inventory is impaired, the carrying amount is reduced to its selling price less cost to complete and sell; the impairment loss is recognized immediately in profit or loss.

# m) Provisions

A provision for impairment is established when there is objective evidence that the Company will not be able to collect the amounts due according to the original terms of the original receivable. Allowances for impairment are recorded in the year in which they are identified.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligation may be small.

The amount recognised as a provision is the best estimate of the present value of expenditures expected to be incurred to settle the obligation using a pre - tax rate that reflects the current market assessments of time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense in profit or loss under finance costs.

# n) Employee entitlements

#### Short term employee benefits

The cost of short-term employee benefits, (those payable within 12 months after the service is rendered, such as paid vacation leave and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered and are not discounted.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs.

#### Retirement benefit obligations

The company and its employees contribute to the National Social Security Fund (NSSF), a statutory defined contribution scheme registered under the NSSF Act. The company's contributions to the defined contribution scheme are charged to the statement of comprehensive income in the year to which they relate.

#### o) Workers' Compensation Fund (WCF)

Workers' Compensation Fund (WCF) is a social security scheme established by the government responsible for compensating workers who suffer occupational injuries or contract occupational diseases arising out of and in the course of their employment.

Private entities are statutorily required to contribute 1% (up to June 2021) and thereafter 0.6% (from July 2021) of monthly employees' earnings (wage bill) to the Fund. Monthly employees' earnings (wage bill) include basic salaries plus all fixed allowances which are regularly paid along with basic salaries. The contributions are part of Company's costs and are not deducted from salaries of the employees.

Once the payment has been effected by the Company to the Fund, there is no further obligation to the Company for any claim from the employee out of the occupational injuries suffered by them.

# p) Comparatives

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

In the opinion of the directors, the carrying amounts of the company's trade and other receivables approximate to their fair value.

The company's credit risk arises primarily from trade receivables. The directors are of the opinion that the company's exposure is limited because the debt is widely held.

#### 8. Deferred tax

Deferred tax is calculated, in full, on all temporary timing differences under the liability method using a principal tax rate of 30% (2020: 30%). The movement on the deferred tax account is as follows:

	2021	2020
	TShs '000	TShs '000
At start of year	(36,253)	(9,777)
Statement of comprehensive income (Note 9)	(20,568)	(26,476)
At end of year	(56,821)	(36,253)

Deferred tax (asset), deferred tax (credit) in the statement of comprehensive income are attributable to the following items:

	At start	Charge/ (Credit)	At end of
Year ended 31 December 2021	of year TShs '000	to SCI TShs '000	year 2021 TShs '000
Deferred tax (asset)			
Excess depreciation over capital allowances Forex unrealised	(38,093) 1,840	(14,746) (5,822)	(52,839) (3,982)
Net deferred tax (asset)	(36,253)	(20,568)	(56,821)
Year ended 31 December 2020			
Deferred tax (asset)			
Excess depreciation over capital allowances Forex unrealised	(10,648) 871	(27,445) 969	(38,093) 1,840
Net deferred tax (asset)	(9,777)	(26,476)	(36,253)

	2021 TShs '000	2020 TShs '000
9. Tax	13113 000	13113 000
Current tax	373,449	272,368
Deferred tax credit (note 8)	(20,568)	(26,476)
Tax charge	352,881	245,892
The tax on the company's profit before tax differs from the theoretical amount that would arise using the basic rate as follows:		
Profit before tax	1,176,269	876,259
Tax calculated at a tax rate of 30% (2020: 30%)	352,881	262,878
Tax effect of:		
-Under/over provision of prior year's deferred tax	-	(16,985)
Tax charge	352,881	245,892
Tax movement		
Payable at start of year	183,414	48,715
Charge for the year	373,449	272,368
Tax paid	(183,414)	(47,969)
Provisional tax paid	(350,000)	(89,700)
Payable at end of year	23,449	183,414

The normal procedure for agreeing final income tax liability in Tanzania involves the company filing its final income tax returns with the Tanzania Revenue Authority (TRA) followed by TRA performing their own review of the company's submissions and issuing their notice of income tax assessments to the company. The final income tax liability as determined by TRA after their review may differ from the liability determined by the company and procedures are in place for the company to object and appeal against such assessments. It is common that a time frame from the company's own submission of its final tax returns and for TRA performing their review and issuing of notice of final tax assessment may take several months or years.

10. Share capital	2021 TShs '000	2020 TShs '000
Authorized share capital: (2019: 500,000 ordinary shares of TShs 1000 each)	500,000	500,000
Issued and fully paid: (16,002 ordinary shares of TShs 1000 each)	16,002	16,002
Advance towards share capital (note (vii))	94,834	94,834

# 17. Incorporation

Laghe Venture Company Limited is incorporated in Tanzania under the Companies Act 2002 as a private limited liability company and is domiciled in Tanzania.

# 18. Presentation currency

These financial statements are presented in thousands of Tanzanian Shillings (TShs '000).

#### 19. Capital commitments

The company had no capital commitments as at 31st December 2021.

# 20. Events after reporting period

The Directors are not aware of any material event which occurred after the reporting date up to the date of this report which require adjustments to or disclosure in this financial statements.

The World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the company, COVID- 19 may impact various parts of its future operations and financial results, including organisation's activities. Management believes the company is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated.
